Health, Reimagined for the World We're In

Prodose Inc.

Overview

Vertically
integrated
solution
provider
delivering
end-to-end
pharmaceutic
al products &
solutions

Prodose Inc.

Site Area | 106,000 sq. ft.

Employees | ~130

Fully compliant with 21 CFR and SMETA 4 pillar standards

Audited by FDA, UL, and NSF for cGMP/GMP (Dietary Supplements and OTC) and Social

Note: UL Audit completed in March

All products packaged in US

All Bulk products are manufactured in India

With unique vertical integration, Prodose is able to —**minimize dependencies**, **accelerate timelines**, and **ensure full control** from formulation to finish

Dedicated High Potent Line & Liquid-filled
Hardgel Line

Softgel at a Glance

Versatile

17+ years of experience in formulating, developing, and manufacturing Soft Gelatin Capsules (CDMO services).

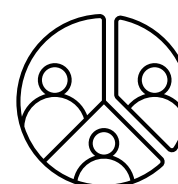

Global Presence

Our products are sold in 60+ countries across 100+ partners on a B2B model through our global sales team.

Quality & Capability

Capable to produce entire range of softgel from (Rx, OTC, Nutra & High potent) with world class USFDA and EU GMP approved facility.

Focus on Core Competencies

We do not have our own direct market presence for a simple reason of not to compete with our customers.

**Upcoming Pilot Plant shall be ready by Q4-2025*

Softgel at a Glance

Softgel Healthcare

DOSAGE FORM

Softgel Capsules

- Softgel Capsules – Drugs and Nutraceuticals
(2 billion+ capsules per year @ 50% capacity utilization)
- Dedicated High-potent Line
- Liquid-filled Hardgel Line

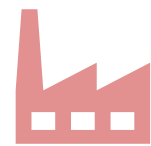

Locations

Manufacturing Unit -1 – Existing Facility
Survey No. 20/1, Vandalur – Kelambakkam
Road, Chennai, 603 103

Manufacturing Unit -2 – Upcoming Facility
Plot No #9,10 & 44, One Hub, Kunnappattu,
Chengal Pattu, Chennai, 603 104

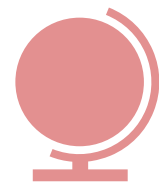

Our Upcoming Facility

- **State-of-the-art Softgel manufacturing facility** designed for regulated markets, optimized for high-volume batch production

- Spans across an area of 500,000 sq. ft

- Equipped with **8 Softgel manufacturing lines**, making it the **largest single-site Softgel manufacturing facility in India**

- With the new facility, SHPL becomes the **largest softgel manufacturer in India**
- Amongst **top 5 across the Globe**

- Pilot Plant project completion by July 2025

Accreditations

Audited by

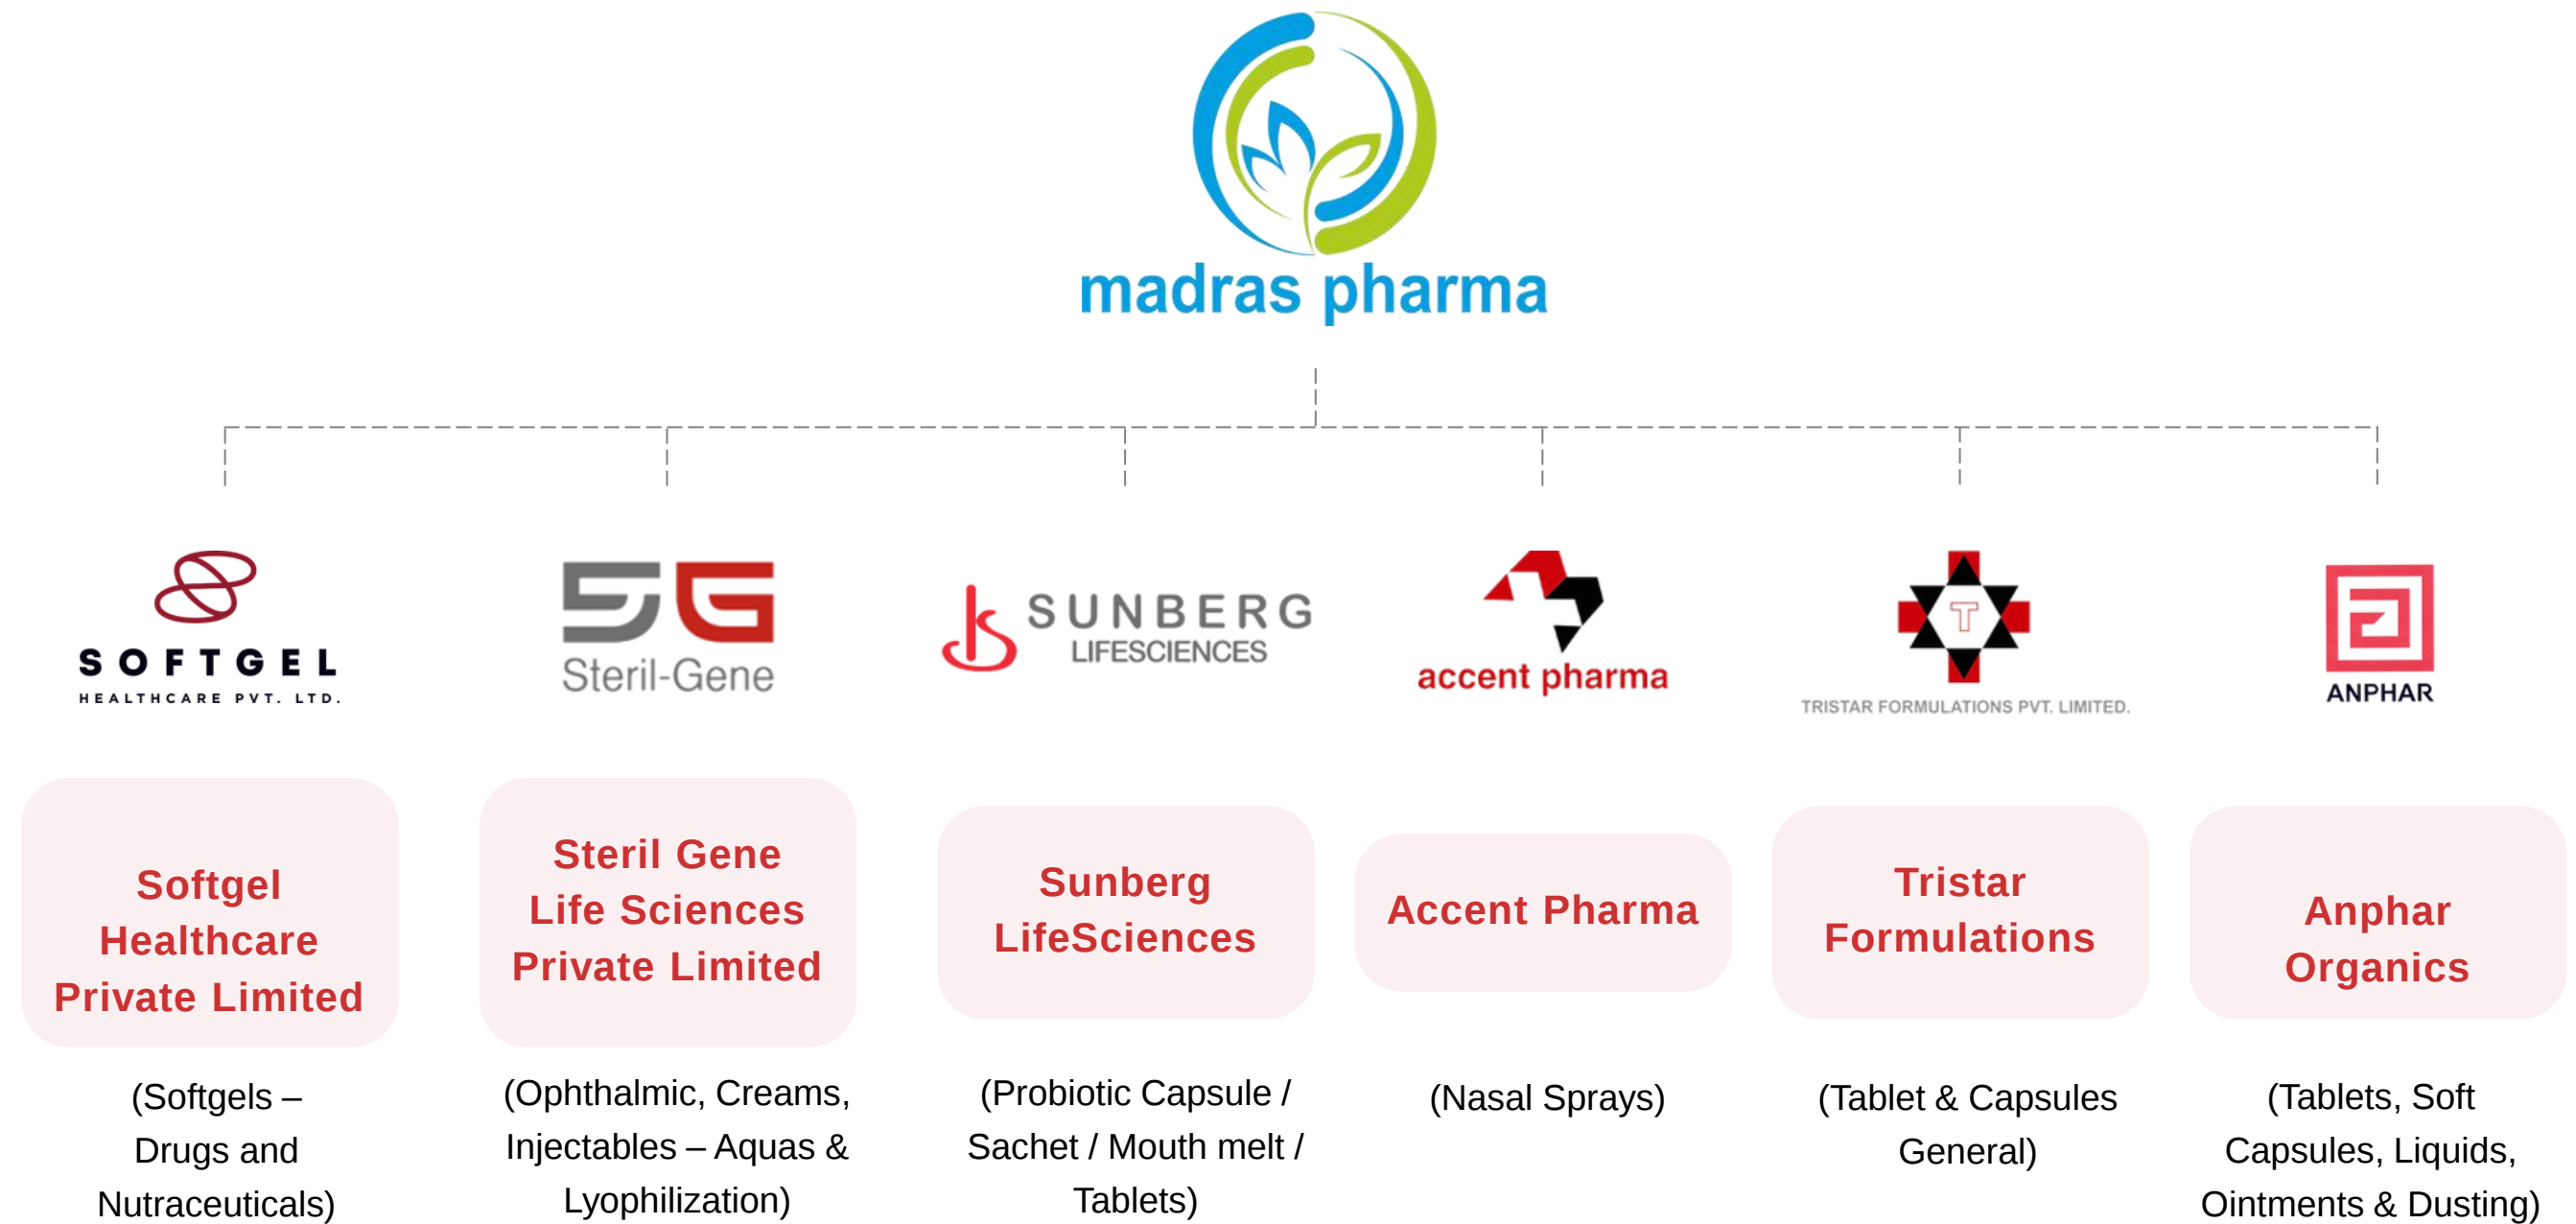

~40-50 Annual GMP Inspections

Our Partners

The Group

- The Madras Pharma Group is one of India's top three contract manufacturers, boasting a legacy of over 40 years in the healthcare industry.
- With eight state-of-the-art manufacturing facilities across India and a workforce of over 3,000 employees, the group specializes in producing a wide range of dosage forms.
- With decades of pharma manufacturing expertise, we've built a strong supplier network (for raw & packaging materials) and lasting partnerships with other Indian manufacturers through co-development and contract manufacturing

DOSAGE FORM

Tablets – 11 Billion
(Utilization – 8
Billion)

Hard gelatin capsules – 3.7
Billion
(Utilization – 3 Billion)

Dry syrups & Topicals 900
KL
(Utilization – 200KL)

Liquid orals -2400 KL
(Utilization - 580 KL)

- Amongst the **Top 5 Contract Manufacturers** in India
- Been in the business for the past 49 years
- Preferred partners for almost all major players in India
- Presence across all major dosage forms & therapeutic areas
- Currently export to 60+ countries
- Started in 1978 with a seed capital of \$12,500 USD by 5 Professionals
- Occupied space from 200 sq.mt to 500000 sq.mt
- From 5 employees to 3000+ employees
- From 10 clients to > 200+ clients
- From 1 plant to 8 plants
- From Domestic market to exporting to more than 70 countries

Location

Madras Pharma Group – Corporate Office

#15, Gopalakrishnan Road, T. Nagar,
Chennai, 600 017, India

The Madras Pharmaceuticals

Karapakkam,
Chennai, 600 097, India

Global Presence

60+ Countries

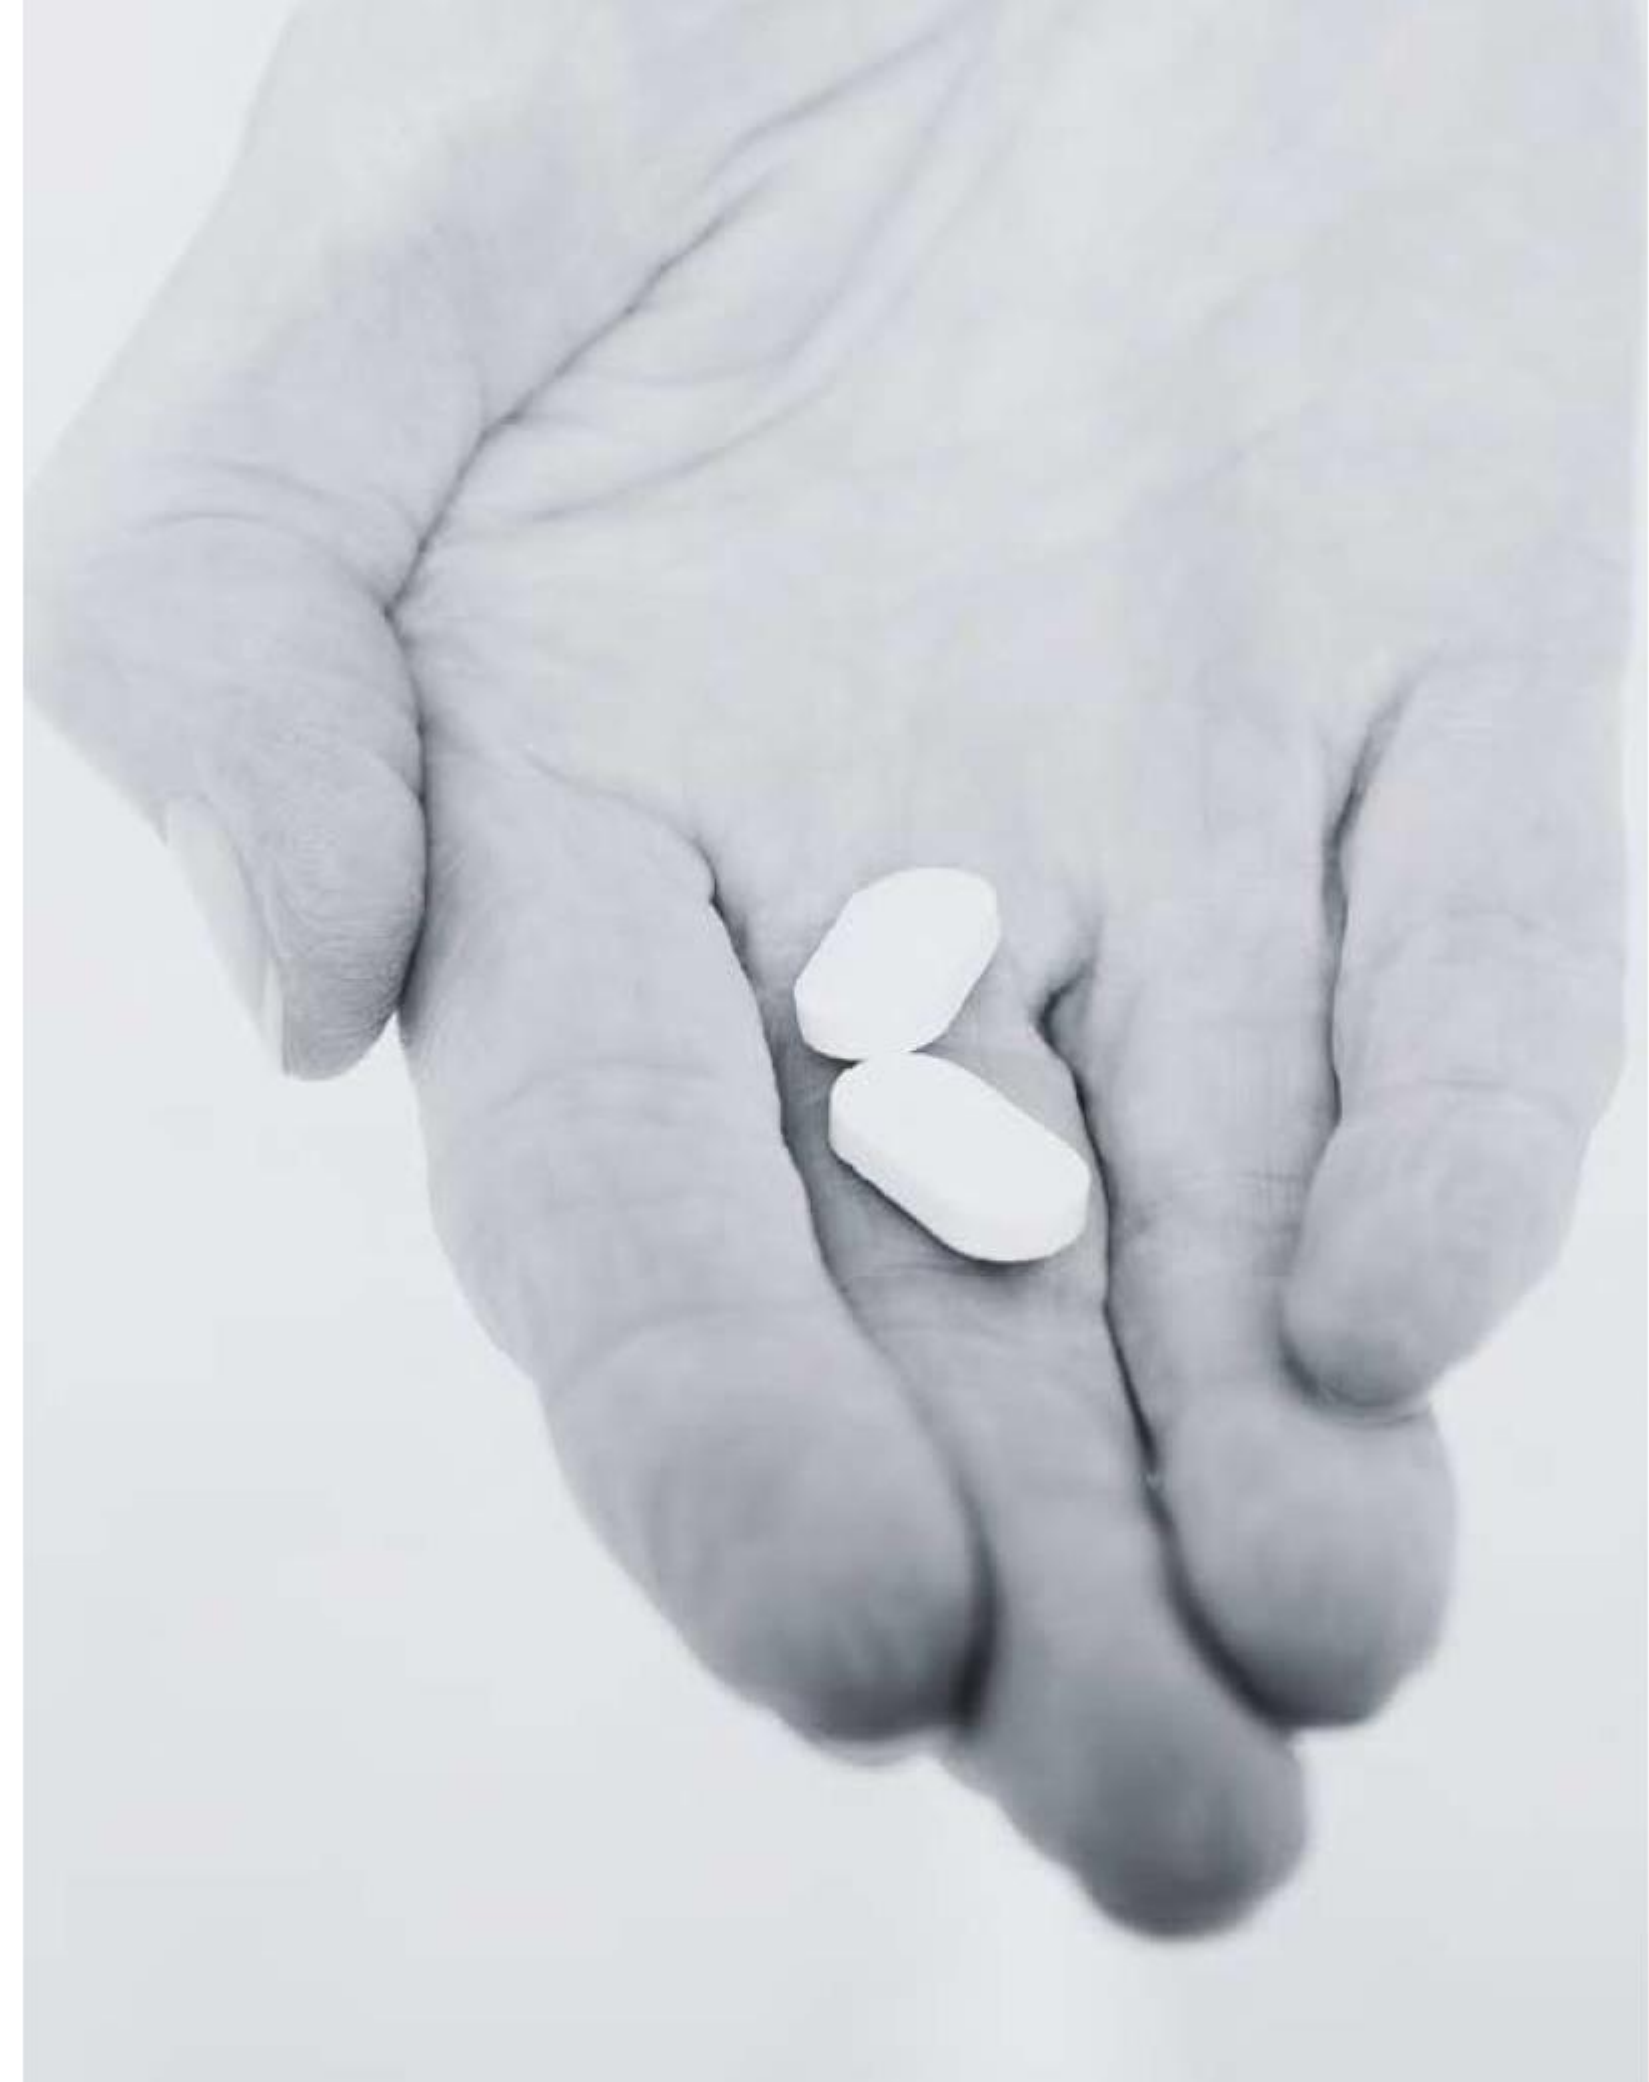

100+ Clients

Prodose Inc.

Core Competencies & Capabilities

Value Proposition

Our fully integrated operations enable us to deliver consistent quality, speed, and value across dosage forms, making us an ideal partner for high-volume and cost-conscious supply

Best-in-Class Production & Packaging Lines

- Multiple **High-Speed Bottling Lines**
- In addition to our bottling lines, we have capabilities in: **Blister, Shrink-wrap, Bundling, Clamshell, Pouches, End-Cap, Display Trays, Value Sizes**
- **Capacity:**
 - Bottles: ~ 100 Mn /Year
 - Blisters: ~ 100 Mn /Year

Broad-Spectrum OTC Manufacturer & Distributor

- We are one of the few **broad spectrum OTC suppliers with product offering in the entire range of OTC products**
- Prodose operates facilities in NY with end-to-end packaging lines and detailed plans to expedite processes, ensuring uninterrupted service levels in case of emergencies.

Better than NBEs, Exclusive, Premium Products

- All Softgels are offered in clear bottles
- Innovation with PE-Free Cold and Flu range
- Dye-Free Unisom

First to Market Opportunities

- **Integrated & experienced R&D team at SHPL gives us exceptional Speed to Market on New Formulations**

Product Innovation

We are continuously updating our formulations to align with the latest market trends with **~20+ new products in pipeline e.g., PE free Cough & Cold range Softgels, Gummies, Dye free Unisom, Nutraceuticals products etc.**

Research & Development

Monitoring the quality of raw materials used.

Ensuring that the product is safe and efficacious for use.

Assessing the stability and shelf-life of the finished product.

Prodose is backed by state of the art R&D capabilities at SHPL

- Sophisticated Laboratory with R&D Encapsulation machine
- Our capable team can facilitate dossiers in CTD, ECTD & ACTD
- Team of 7+ formulation scientists, 25+ analytical scientists, and 15+ regulatory team
- Expertise in formulations such as NCE-1, PARA-IV, ANDA, 505(B)(2).

Dedicated R&D Encapsulation machine

Encapsulation Ability:
1- 5kg of medicament

106,000
Square Footage

13
Packaging Line

18
Shifts per Week

40%
Capacity Utilization

Packaging Lines

- **Fully compliant** with 21 CFR and SMETA 4 pillar standards
- **Audited by** FDA, UL, and NSF for cGMP/GMP (Dietary Supplements and OTC) and Social
- We have the **potential to add 2 bottling lines, 1 blister pack line, a cartonator, and a shrink line within our existing footprint**

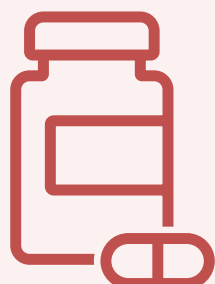

Existing plant has 4 blister lines & four separate cartonators

Existing plant has 3 bottling lines with integrated cartonators

Quality Assurance & Regulatory Affairs Overview

Khaled Saifuddin serves as PRODOSE's VP of Quality Assurance & Regulatory Affairs (QA/RA).

Our experienced QA/RA team enables Indian manufacturers to successfully navigate U.S. regulatory pathways

•**Quality Assurance:** A dedicated team of 11 ensures compliance and product quality

•**Regulatory Affairs:** A focused team of 2 scouts technologically advanced Indian suppliers

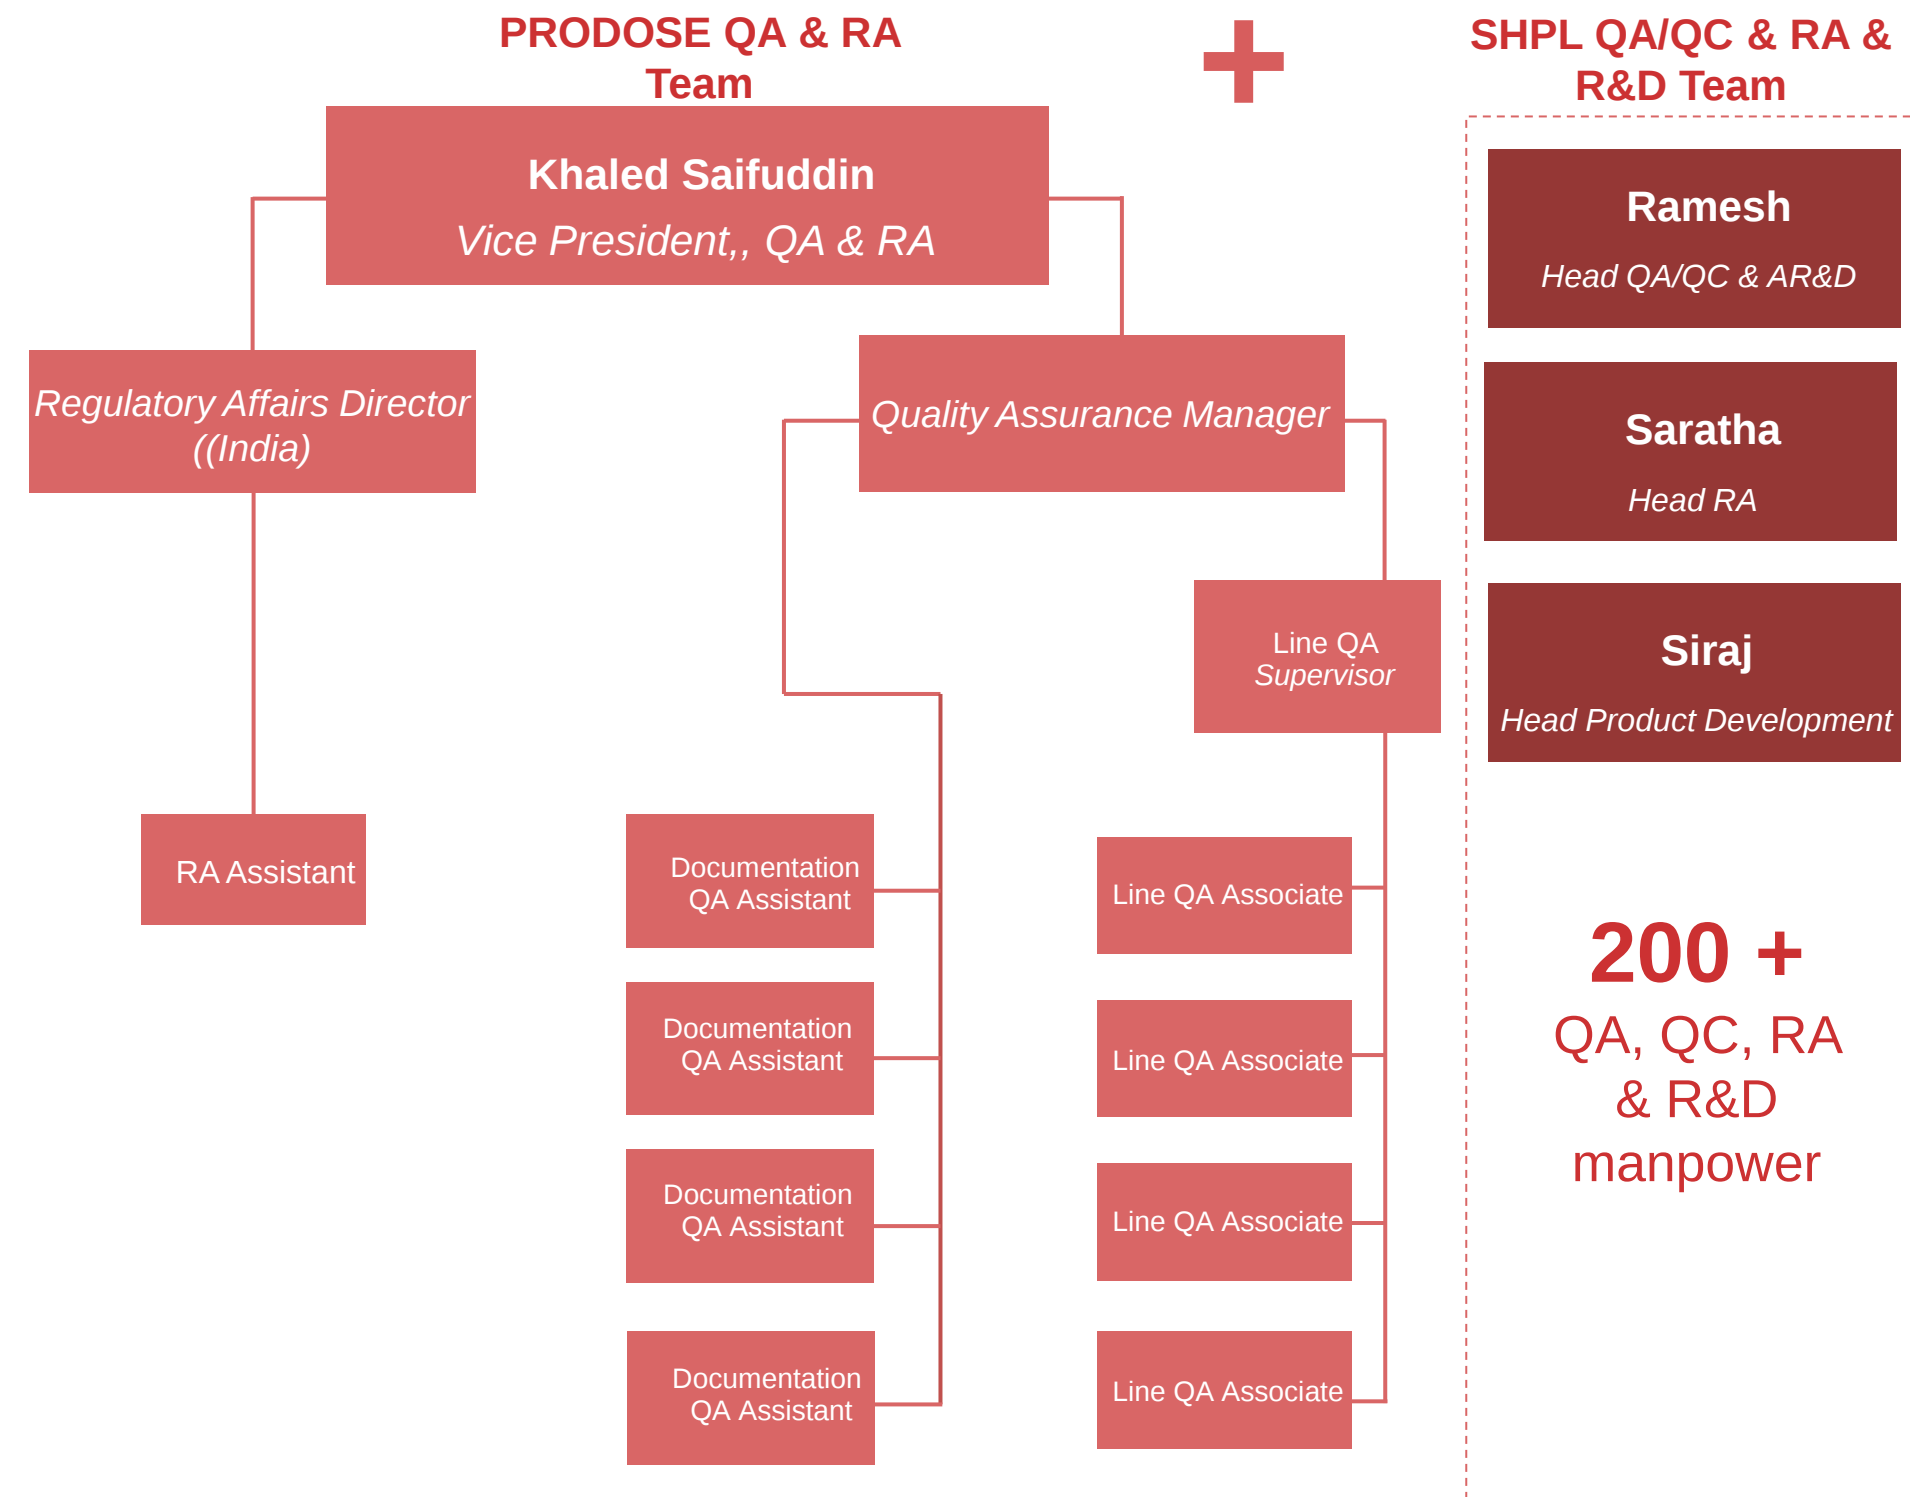

•**Extended support from Validant Elinquent Life Sciences**

Key responsibilities include:

- In-house bulk sampling per AQL standards.
- Managing all QA and regulatory
- Approving products within **1 day** for release to packaging

PRODOSE (QA/RA) works very closely with SHPL QA, RA & R&D teams for shorter route to market.

Quality Assurance and Regulatory Affairs Team

Prodose QA & RA team is also supported by 150+ QA/QC & RA professionals in INDIA who do have extensive experience in supplying OTC, Monograph OTC & RX products to USA

Our Valued Customers

Process flow of Supply Chain & Packaging

Class 3 Cleanroom
Manufacturing Environment

AQL labelling and quality checks
are conducted before packaging.

QC ensures bottles and blister packs
are weighed on a scale sensitive to
detect a single missing pill.

Autonomous machine detects and
removes bottles with imperfectly
sealed caps.

Prodose New Launches

At Prodose, we continuously innovate to stay ahead in the market!

- ▶ **Gummies & Gummisules™**
- ▶ **PE-Free Cold and Flu range**
- ▶ **Excedrin in Softgel range**
- ▶ **Dye-Free Unisom**
- ▶ **Tablets to Softgel conversion**
- ▶ Nutraceuticals
- ▶ DayQuil/Nyquil Ultra Concentrated Mini Softgels
- ▶ DayQuil/Nyquil Mini Softgels HBP
- ▶ Mini APAP
- ▶ Boric Acid
- ▶ AZO products

We also continually update our formulas to align with trends:

- ▶ Removing PE from our Cough Cold Products
- ▶ Removing **Red 3 Dye** in Medicines
- ▶ **Development of Products associated with Free & Pure:**
- ▶ Gluten Free
- ▶ No Artificial Flavors
- ▶ No Synthetic Colors
- ▶ Non-GMO

Dosage form – Innovation - Gummesules

Gummesule

Latest updates

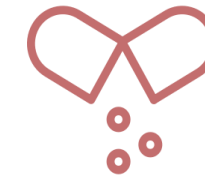

Trademark:

- Applications submitted for three key regions: EU, USA, and India.
- Expected approval timeline:
 - EU: 6 months
 - USA: 12 months
 - India: Approved

Patents:

- Patent pending

What makes Gummesules appealing

Precise drug dosing

Gummesules offer precise drug dosing, ensuring accuracy even at low concentrations

Enhanced user experience

Soft and elastic, easy to chew with a pleasant mouthfeel, and can be swallowed without water

Increased effectiveness

Improved bioavailability, faster absorption by bypassing dissolution

Ease of use

Convenient for patients who have difficulty swallowing, especially children or the elderly

Flavorful solution

Masks unpleasant drug odours and tastes, enhancing patient acceptance with a pleasant flavour

Reliable and diverse packaging

Hermetically preserved and sealed, ensuring leak-free chews. Versatile packaging options like blisters, bulk, packaging etc
